

About MCC Land

MCC Land (Singapore) Pte Ltd is a subsidiary of Metallurgy Corporation of China Ltd (MCC), which is listed in Hong Kong and Shanghai. With our headquarter based in Beijing, MCC Land (Singapore) Pte Ltd is a wholly state-owned company.

Since our maiden project at Keppel Distripark back in 1992, MCC has been extensively involved in the local engineering scene. This is especially evident after the inception of China Jingye Construction Engineering (S) Pte Ltd in 1997 and China Jingye Engineering Corporation Ltd (Singapore branch) in 2006. As a main contractor, MCC has successfully completed a number of local projects, especially the noteworthy new iconic landmark, Universal Studios, Singapore in Resorts World Sentosa.

As of 2010, MCC will no longer be just a contractor but also a reliable, premier property developer. With 14 years of presence in Singapore and a good understanding of the local market needs, MCC shares your aspiration for better lives and better homes.
